Dear Captain Vikram Arab,

It is a great feeling when you know that someone looks after you even after your retirement. Your organisation especially Commander Krishnan has been a great help to me in resolving the problems faced by me for my disability pension.

Having retired 7years back, I have observed that one is left to fend for himself. Hence when someone like Commander Krishnan takes initiative to solve the problem, it's a great feeling. This would not have been possible without your able leadership.

Keep up this good work and you will get lot of good wishes from those people to whom your organisation has helped. Needless to say, at the end of the day all that matters is human relationships and good wishes. Thank you once again for the kind assistance and help provided to me by your organisation especially Commander Krishnan.

Regards

Vice Admiral B R Rao (Retd.)
